

Bleeding Control Kit, Basic

Time is a key factor in survival of a critical incident, especially when the injured is a child. The Con10gency™ Bleeding Control Kit is designed to provide lifesaving, immediate assistance to those seriously injured before first responders arrive. This classroom-based kit allows students or staff to treat an injury without the need to move around the building and possibly expose themselves to further danger.

This Bleeding Control Kit features the Combat Application **Tourniquet (CAT)**, HyFin Vent **Chest Seals**, Compressed Gauze, a 4" Trauma Dressing **Compression Bandage**, and more. This kit brings the tools of medical professionals directly into the classroom. As an educator, parent, volunteer, or student, you are best positioned to provide immediate care until help arrives. The Con10gency Bleeding Control Kit gives you the tools to do so. Made in the USA. 5 year shelf life.
